Endowment Planned Giving

FUND

Throughout Cookeville Regional's history, it's been people — administrators, physicians, employees, patients, former patients and other local residents — who have helped to make our hospital a regional center for state-of-the-art medical care. As we look toward the future, our goal is to build on the accomplishments of these people as we continue raising treatment standards and enhancing the quality of care we offer our patients.

That means we need the help of even more generous and dedicated people — people like you — to support this continuing effort. There are many different ways to give, and if you plan strategically, you can make a future gift that costs you practically nothing and leaves a personal legacy in your name that will continue to benefit the people of our community for many years.

Endowments established at The Foundation can be set up with a donation today or estate gifts at no cost to you or your estate right now. Giving could take the form of a bequest of retirement assets; a gift of cash, securities, personal property, life insurance benefits, IRA distributions, real estate, or retained life estate; or any of a number of different types of trusts or annuities. And you may be surprised to learn that some of the best gift plans also improve the donor's financial and tax situation.

When you give to The Foundation at CRMC, you have full control over how your gift is allocated. You decide whether it goes directly to patients who need help right now or to specific departments, equipment funds, or building funds that will benefit many patients over time. However you choose to designate it, your gift will help CRMC continue to offer the most excellent medical care available.

We're here to answer any questions you might have about planned giving. We can examine your particular situation and, together with your attorney and/or financial advisors, help you find ways to support our mission while ensuring your family's financial security. Please call us for more information and see how you can join in CRMC's great mission by helping the hospital today.

About The Foundation at CRMC

The Foundation at CRMC is a nonprofit charitable organization whose primary goal is to generate contributions to help support Cookeville Regional Medical Center — the recognized leader in providing top-quality healthcare to people of the Upper Cumberland — in its mission to expand both the quality and availability of healthcare services to our community.
